

## **HIGH LEVEL OVERVIEW OF FIELD AVAILABILITY SPRING 2016**

Please find practice field high-level guidelines. To reserve a field the practice reservation system must be used.

The fields below WUSC have an issued permit.

Please note the permitting process and field reservation system are not perfect. There will be mistakes/issues; stay calm and try to accommodate teams that show at a field for practice. Other fields may be used (ie McKinnon, Fiske etc.) per availability but will need to move if a permitted group arrives. In fall many fields are open.

The specific availability may vary from week to week but will be current when reservation system is used.
