Referee Feedback

We asked our Referees this year for feedback on how we can improve our program and here are some of the questions and feedback given

Why do you referee?

I referee because I love soccer and I wanted to see a new perspective on the game exercise, help the community in Wellesley

Interested in the game and seeing how I can help the younger players.

How can WUSC make the experience better?

Maybe notify all the coaches the rules you gave us, because sometimes, coaches will stand on the field, and it's hard to tell them to move when you are paying attention to the game

No comments from coaches or parents toward referees.

Reminders to the parent coaches from WUSC to be respectful of the student refs.

Educate coaches about their responsibilities (e.g, preparing field for play) and encourage them to "model" better behavior for their players and respect for referees.
